Library Committee  
Minutes  
Tuesday, Nov. 16, 2010  
11:00  
McClintock Room 2nd floor Library

*Present:* Mischelle Anthony, Dennis Hupchick, Sean Kelly, Ronald Pryor, Heidi Selecky, John Stachacz

1. **Approval of minutes**  
   - The minutes of the meeting of Oct. 19 were approved.

2. **Facebook request**  
   - John informed the committee that a request had been made to him to make it impossible to access Facebook on the library computers. John informed the committee that he informed the person that he would not limit access to Facebook since doing so is a form of censorship. Additionally, limiting access to Facebook could disrupt academic and library services. The library committee was in full agreement. A motion was passed supporting the library in this decision.

3. **Serials project update**  
   - Progress is being made on the serials review with updates to follow.

4. **WALDO**  
   - The library will initiate a contract with the Westchester Academic Library Director’s Organization (WALDO) to see if we can get better discounts on databases than we can from Lyrasis.

5. **Federated searching**  
   - The library has the potential to purchase Ebsco’s Federated searching software for approximately $2,500. Given budget constraints we will defer. John discussed the pros and cons of using federated searching with the committee and asked them to think on how it could be used in the research and classes.

6. **IT student workers; book sale; CHOICE Reviews; Farley 002 updates**  
   - Three IT work study students have been assigned to the library Monday-Friday between 10 am and 2pm. These students are stationed at the reference Desk and will assist students with their technology issues.
   - The reference book sale has netted approximately $140 and has removed approximately half of the books or almost 1,250 volumes.
   - Effectively immediately, library liaisons will photocopy the appropriate reviews from *CHOICE* magazine for their liaisons.
Farley 002 will not be converted into a computer lab for the Education dept. It was decided that a room in Breiseth would be used instead. Farley 002 will continue to be used as a classroom and will be scheduled by the Registrar.

7. Faculty feedback and ideas

8. Others
   - Dr. Anthony reported on her recent attendance at a national AAUP meeting in Washington D.C.
   - The Library Committee will not meet on Tuesday, December 21.

Seeing no other business, the meeting was called to adjourn at 11:37 a.m.

Respectfully submitted,

J. Stachacz
