The Library Committee’s primary goal for this academic year was to work closely with Dean Stachacz to move forward in planning for the future and implementing those plans. We have actually accomplished most of the goals we set for this academic year.

The goals we set for this year were:
1. Advice and consent on Library strategic plan.
2. Advice and consent on the building of the Learning Commons, which is to start in the fall of 2009.
3. Advice and consent on continued collection development.
4. Advice and consent on budget planning.
5. Advice and consent on improving information literacy.
6. Advice and consent on assessment.

Accomplishments:
1. The newly written Library strategic plan was approved by this committee.
2. The Alden Learning Commons was constructed during the fall of 2009.
   a. We are in the planning process for 2nd phase which will renovate the main floor of the library and replace the entranceway with an American with Disabilities Act (ADA) entrance ramp.
3. Advised in the hiring of Kristin Pitt into the position of Electronic Resources/Serials Librarian.
   a. Advised on Library purchase of Web of Science and Credo Reference to augment electronic collections.
   b. Worked with Library staff to weed print and microfilm journals replaced by the recently purchased electronic collections of JSTOR.
5. Advised on the designating one librarian as a liaison to each college to improve communications with faculty.
6. Advised on creation of library Facebook page.
7. Created Library Committee Website for Governance page of portal.
