4. Executive Summary of Proposal.

Briefly summarize this proposal. The breadth and depth of this executive summary should reflect the complexity and significance of the proposal. Include an overview of the proposal, background and reasoning behind the proposal and a description of how the proposal relates to the mission and strategic long-range plan of the unit and/or university.

For incidental changes a one or two sentence explanation is adequate.

PHA 488, Aspects of Caring for the Pain Patient, has been an approved course for two years. Upon reflection of the current pre-requisite courses, the instructors feel that the requirements are excessive. In an effort to permit more students to have access to the course the instructors wish to adjust the pre-requisites to the student holding a P2 or P3 standing at the time the course is offered.

5. Other specific information. (Not applicable for incidental changes.)

What other programs, if any, will be affected by this proposal? Describe what resources are available for this proposal. Are they adequate? What would be the effect on the curriculum of all potentially affected programs if this proposal were adopted? Include any potential effects to the curriculum of current programs, departments and courses.
