

Wilkes University Honors Program: Terms for Participation

As an Honors student, you must adhere to the following terms to remain eligible to participate in the program; to retain access to the program's resources and opportunities; and, ultimately, to meet all Honors Program completion requirements:

- Students must achieve a minimum cumulative GPA of 3.0 after two terms at Wilkes, a minimum cumulative GPA of 3.2 after four terms at Wilkes, and a minimum cumulative GPA of 3.3 after six terms at Wilkes. After eight terms at Wilkes – and/or in order to meet all Honors Program completion requirements – students must earn a minimum cumulative GPA of 3.4. A student will be allowed only one grade of 2.5 in an Honors course to receive Honors credit; all other Honors course grades must be a minimum of a 3.0. Students falling below the required cumulative GPA threshold will be given one full term to return their cumulative GPA to the minimum required.
- Students must complete an Honors section of FYF 101, 18 additional credits (six of which must be at the 300 level or above), and HNR 390 (the one-credit Honors capstone seminar).
- Non-commuting first-year students must reside in the designated Honors residence hall. After the first year, students may reside in the hall of their choice.
- Students must participate in at least one Honors-sponsored community activity per term.
- Students must remain in good standing relative to student conduct. Any student found guilty of violating university policies will also be subject to review by the Honors Program Advisory Council.

In reciprocity for the resources and opportunities available to me as a student in the Honors Program, I understand and accept my responsibilities.
